## EVEN BREAK ON DOUBLE-HEADER

Salt Lake Wins First and Butte Second.

FIRST GOES ELEVEN INNINGS

eleventh. The second was chiefly a display of selfishness on the part of Mr. Kirby Hoon, which was in strik-ing contrast to the liberality displayed

The first game went tied up, I to I, through four full innings. In the eleventh the Butte crowd raked one out of the coals and felt good about it, but in the final half of the inning the Elders took that back and added another to II, which made it a pleasant termina. ii, which made it a pleasant termina-tion from the Salt Lake viewpoint.

Couldn't Hurt Hoon.

The second game was saddening. Muller, l. f.. The second game was saddening.
Kirby Hoon began it with every outward indication of a youth somewhat wild and ineffective. He was just joshing, however, as he demonstrated to the satisfaction—or, rather, to the convincement—of all beholders. He ladled out the safe ones in bunches of one all through to the eighth inning, when one clean and one scratchy one were taken off him. He was never in great danger, however, but through judicious mixing of good and bad ones.

hand at all times.

Tozer went into the first game in The result was a clouting such as he has never had before this season, but he managed to squeeze through, aiding the victory materially by an elegant three-base jab in the sixth inning.

#### Putting Bandelin Away.

With two gone in the first, Lally, Schaffer and McHale got singles, which, with the hitting of Elsey, landed two runs. No more came to either side until the last half of the second, when the Elders unbent against Bandelin in scandalous style. Hausen began it with a double. Ferrin, Bruyette, Muller, Clark and Weed all hit safe behind him, and the net result was five runs. They were needed. The Champs came back strong in the next inning. Four hits and a bad throw gave them three runs, and it looked as if they might have been going yet if Davis had not called Spencer out for butting into the ball while rounding third base.

Drinkwater hopped into the game, vice Bandelin, removed, in the fourth inning. The Elders did nothing to him in the fourth. Butte kept hammering away. Doubles by Swindells and Drinkwater, with singles by Elsey and Spencer, put three more on the Butte String. The Elders took one back in the fifth by stratght singles secured by Weed, Gimlin and Hausen.

#### Hit it Out in Eleventh.

An error, Lally's sacrifice and Schaffer's two-bagger brought Runkle home in the sixth, giving Butte nine. It was in this inning the thing was tied up. With Bruyette gone, Tozer hit for three bases. Muller brought him home by a single and tech second and the se by a single and took second as Clark
went out. Weed brought Muller home
by a two-base wallop, Gimlin's single
sent Weed to third, and Drinkwater's
had throw sent him home.

Nothing more doing until the eleventh. Then Lally singled and took sees

ond on Elsey's short single. A passed ball moved them both up so that Lally scored on McHale's fly to right.

Muller led off for the Elders. He sent one about three inches inside first base and beat it to second. Clark walked and Weed advanced the pair by sacrifice. Girlin was poor to be a sacrifice.

out to Deimas, and Piggy's chance for reaching home was dim when his lucky star moved out from behind the clouds. While Essick was in the act of delivering a ball to the plate his cap fell right over his eyes. He checked the throw and fought his head for a second trying to discover what clad him. ond trying to discover what ailed him. The thing was adjudged a balk.. Piggy got safe home and Schaffer fanned out a moment later.

That was just the beginning of it. In It was a long single and McHale the tarted for third on it. Muller threw the ball to Weed just as McHale reached the sack. It was too late to catch him. Never dreaming McHale would start home, Weed threw to second to nip Swindells. It was too late and would have been the wrong throw had Weed theen in nossession of the and would have been the wrong throw had Weed been in possession of the information the spectators had. Mc-Hale had never stopped running, but kept right on home and scored. It was a bit of foolhardy base running of a kind that ought to make good once in 1.000 times. That was the time it made good.

good.

More fine luck attended McHale in the fourth. He hit to Bruyette, who snatched it up clean. It required a fast throw to get a fleet man like McHale and in cutting it down to first Bruyette got it a little wild. It was a tremendously fast throw and hit the bleachers before it stopped. This put McHale on third, whence he scored on Swindells' long fiv. McHale was the lad to bring in the fourth rup, also. This one was en the square. He hit for two bases himself, took third on Bandelin's slow one and scored on Swindells' hit.

But talk about horseshoes on the bases! Don't anybody call Gimlin names after this.

Schaffer secured the finel run for Butto.

Schaffer secured the final run for Butte in the ninth. He hit for two bases and scored on Elsey's single to right.

The Elders' first one came in the first inning. Clark went sale by forcing Muller at second. Weed took him to third by a hit and he scored on Gimiin's long fly to left. Clark also got the other run in the eighth inning. He walked took second on Weed's single and scored on Tozer's short, but safe, one behind first.

Pennant Race.

Spokane, Wash., July 31.—In a double-header today Boise took both games and assumed first place in the race for the pennant. The first game ended closely. Boise taking it from Spokane, 5 to 5. The second game was never in doubt and after the third inning, when Boise obtained three runs, and duplicating the performance in the fourth inning, it was seen that Spokane must content itself with second place. McFarland, the big pitcher from Boise, was easily the star in both games. He had fine speed and good control in the first game and when he was seen to walk into the box for the second, no one thought he was going to last. His second game was even better than the first and he walked fewer men and a less number of hits were gotten off him than in the first game. Score:

## FACTS FOR THE FANS.

Butte got away with the long end of the series—four out of the seven. Con-sidering the trouble Sait Lake has been through during the past week the out-come is not altogether bad.

Davis assessed Lally and Runkle so each in the first game for over exhuberance in the way of conversation.

One of the strongest criticisms of the Butte team during the week was the loud talking of some of the players. Part of the talk was not over nice, either.

walked and Weed advanced the pair by a sacrifice. Gimlin was next in line and obliged by poking one good and hard into right, scoring both men and winning the game.

Speaking of Luck.

The Champs started off with plenty of luck in the second game. Ward hit for two bases and took third on Runkle's fly to deep middle. Lally went out to Delmas, and Piggy's chance for reaching home was dim when his lucky star moved out from behind the clouds. While Essick was in the act of delivering a ball to the plate his cap fell right aver his eves. He cheeked the

Some of the Butte boys fattened their hitting averages during the day. Lally was up nine times and got six hits, and Schaffer and McHale got six hits each out of eleven chances. Tozer did the best work for the Elders, getting four out of seven in the two games.

The Butte players left for home last night to play with Spokane. They make one more trip to Salt Lake before the close of the season.

Clark had a bundle of hard ones. Three of them required high jumps, one being pulled down in one hand.

It would have been hard to find a better piace for a hit than the corner fimlin selected for the one that ended the first game. The Butte infielders were all playing close up and fimlin lined it over Schaffer's head, close along the right field foul line, just where nobody was.

Butte, Mont., July 31.—The feature of today match was the Copp-Green event. Yesterday Copp had Green one down at eighteen holes play. Copp held his advantage the first nine holes of the second round, but went to pieces, losing the second and third holes of the round. He was very nervous, but steadled down in line style and won the event by one hole. Green played a vicious game but being over anxious, pressed his drives, losing direction. Copp's short game was beautiful and his putting deadly. He received the congratulations of the entire Butte club who to a man expressed themselves as being glad that the professional was beaten. The members as a rule deplored the fact that a professional had been employed. J. C. P.

#### MILE CYCLING HAS **BEEN GREATLY REDUCED**

In view of the fast time now being made in bicycle racing, it 's interesting to note how the bicycle record for a mile has been reduced in the twelve years since the first mile in less than two minutes was made by John Johnson in 1892. When this performance was first reported it was met with doubt everywhere, but a few weeks later, at Dubbque, Ia., paced by a running horse hitched to a sulky with a shirld. Johnson rode the mile before a big crowd of officials and horsemen with at least fifty watches being held on him, doing the mile in 1:58 2-5.

'In 1801 Will Stinson rode a mile, paced by a motorcycle in 1:27. He only held this a short time, as in the fail of that year 'Major' Taylor, the colored rider, paced by a steam motorcycle, which was simply a big steam boiler mounted on a tandem, at Garfield park, in Chicago, rode the mile in 121 1-5. This mark stood all through the year of 1892 until fall, when the riders began to ride miles in competition in 1:19 and as low as 1:18. It was then thought that the limit of speed had been reached, but the year 1903 came along and in April Harry Elkes, in his first race, rode a mile in 1:14. At Charles River track, on May 30, 1803, Harry Elkes, as if to let himself out on his last fatal ride, covered mile after mile up to the sixteenth when he was killed, at 1:11 to 1:14, and some parts of miles he rode as let-up in fast speed, as the death of Elkes' caused a scare among the riders.

The most sensational ride of last year was that on July 26. in the race between Walthour and Leander, when Walthour rode fifteen miles at an average of 1:09, riding four of the miles at a 1:08 pace, and finishing up the last in 1:97. Then came the hour, standing start record made by 'Bennie' Munroe of 49 miles 564 yards in the hour. Dangla, the French records are hot recognized in this country, as they are made behind wide protection motorcycles, with shields ranging from 25 inches to 48. Content followed this with a flying start of 52 miles in the hour, which record stands for Europe, while

roe's standing start are the best in this country.

The latest cut in the mile record came last month, when Walthour covered the distance in 1:96 1-5, in a thirty-mile race with Leander, Butler and Stinson at Charles River park, Boston. In his race Walthour lowered the time for thirty miles exactly 1 minute 23 1-5 seconds. Such a remarkable cut in the record table is something that has not been heard of for years. Walthour's average time was 1:91 4-30 for the entire distance, and only once after the sixth mile did he go slower than 1:91 4-5. His fastest mile was the fifteenth, which was ridden in 1:96 1-5, and his slowest was the first, which was covered in 1:16 2-5.
